18 - What were the most effective aspects of this course?

Response Rate 3/10 (30%)

- For design, the best part of the course was definitely the hands on work. I'd love if we could incorporate more of that.
- The group i was in was great, getting to see other people's work and learning from them was the most beneficial
- there was pressure going on, so that kind of pushed students keep going.

19 - What, if any, suggestions do you have for the course?

Response Rate 2/10 (20%)

- The blog posts didn't seem effective. I'm not entirely sure what the point of them was.
- I wish that there were more thorough explanations or examples or exercises together in class for specific skills learned through. And need more time..

20 - Please comment on your instructor's teaching effectiveness:

Ray Luo

Response Rate 3/10 (30%)

- Ray was a great teacher! He is clearly really passionate about code and would stop and no lengths to address our problems.
- He taught us overtime, which I'm grateful for because it was all so helpful! Excellent instructor!
- I really liked how engaging Ray was in the class. But overall coding, I wished that there were more explanations or descriptions for structures of coding or for specific syntaxes.
