TO: THE DISAPPEARING LOVE

Nine Zero Two One Zero my Street
My Town my State my Zip Code

My loving dreaming sharing

Beeping flashing glowing soul

What to do if beeping flashing stops

And i stay aloft (dreaming loving)

I love like neon light on the

Corner of Valley and Fleming

Glowing with purple bulbs

That beat like hearts throbbing

Minds blank faces *staring* at

Faces and *no one* looking

But flashing lights with no notion

Says what it does and nothing

A purple soul that glows

Spontaneously as i loving dreaming

That ends as light vanishes

I love like light glittering

Showing affection to passers-by

I love that which is staring

Minds *unblanked* says what it stands by

Then light would have found

Golden moment where still

Flashing lights with a notion might

Faces *dreaming* faces *all* are looking

Sharing dreaming sort

But soon beeping ceases light

Will out yours

The disappearing gold
